

I-5 repairs in Kent and Federal Way

Fall 2012 through spring 2013
Weeknights 9PM to 5AM

**Nighttime repair work
is coming to northbound I-5
from Military Road South to
South 260th Street.**

More than 50 years of heavy traffic and winter weather have taken its toll on northbound I-5 in Kent and Federal Way. This project will give drivers a smoother ride and extend the life of the highway by grinding down uneven pavement and repairing cracked concrete.

**Bothered by night construction noise?
Call our 24-hour project hotline
